
Webinar: Stem Cell Clinical Trial for Heart Disease - Lessons Learned | Eduardo Marbán

Title: Lessons learned from Phase 1 trial of heart-derived stem cells as we move into Phase 2

Speaker: Eduardo Marbán, M.D., Ph.D.

Founder and Chairman of Scientific Advisory Board, Capricor, Inc. and Director, Cedars-Sinai Heart Institute, Mark S. Siegel Family Professor

Presented April 15, 2013

This presentation was part of the webinar event, "Clinical Trials: Moving Stem Cell based Therapies to the Clinic - Presentations from FDA and Leading Experts" hosted by CIRM and the Regenerative Medicine Consortium. The focus of the webinar is on the lessons learned from IND/Phase I trials including overcoming the challenges, and addressing the regulatory issues, as stem cell based therapies move towards the clinic.

Visit the webinar agenda page, for more details including the speakers' Power Point presentations
